HIGHLIGHTS SPARKLING COLORS DISTINCTIVE GARDEN PARTY

When after a long and sunny day a fresh breeze heralds the night, the perfect time for a sundowner has come. Enjoy the dawn, sitting around the table with the friends you have invited. The adornment in sparkling crystal by CREATE your STYLE™ with Swarovski® enhances the sensual delights.

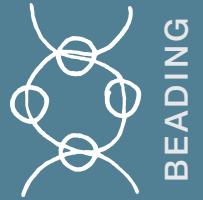

Crystal is the theme of decoration for a fabulous garden party. Simply twisted around the glass or as a cocktail accessory in the drink, it serves as a very individual marker. Beaded in laces, it forms a graceful pattern on the table. If fairy lights were turned on now, everybody wishes this special moment would never fade away.

The vibes may change depending on the characters you want to match at your garden party. Consider the society you will host to meet their expectations in style. If restrained elegance rules the event, adjust the flair of the decoration. Creativity, exclusivity and excellent style are the hallmarks of your decoration by CREATE your STYLE™ with Swarovski®.

The soirée will be enchanted to take place at a cheerfully arranged table, where pieces of crystal in a tenebrous shade go together perfectly. Fortuitously placed crystal laces loosen the noble strength of the place setting. The brilliance they emanate builds a perfect contrast to the classic pure white of the tablecloth. It's that atmosphere where conviviality prospers.

 LIGHT AND SHADOW
 ENJOYMENT
 SPARKLING
 BRILLANCE

There is no better way to soak up the spirit of the summer than by sitting peacefully in a chair. Choose one to be your favorite piece and give it a distinctive appearance. With the folding technique and the crystal decoration a simple cotton cushion with refreshing lemon print transforms into a precious eye-catcher.

Crystal by CREATE your STYLE™ with Swarovski® is as sparkling and sensual as a summer evening. Placed in the middle of an orbit of wires and crystal, the flickering candles in the holder project kaleidoscopes of light into the shadow. While the rays of the light are dispersed, everybody is in the mood to celebrate the season.

FLOWERS SUMMERTIME ATMOSPHERE SENSUALITY

Summernights are hot, full of passion and unimagineable without romanticism and sensuality. When, if not now, is the perfect moment to arrange an intimate "Tête-à-tête" and invite the beloved to a romantic dinner. Flowers cheerfully arranged on the table already anticipate a declaration of love.

The table decoration by CREATE your STYLE™ with Swarovski® comes in the shape of two calyxes tied together, symbolizing the everlasting bond between a loving couple. The brilliance of the crystals almost seems to flourish. The boundaries between the inside and outside of the calyxes are unlimited and suddenly nothing, but the couple matters...
